Truly revolutionary!

Raxton launch a new concept in thread conversion adaptors.

Awkward cable entry problems have been solved by the Raxton engineering team with the long-awaited launch of the revolutionary new Swivel Adaptor range.

Available in either right angle version or in-line versions, this new product is available in a variety of materials and a comprehensive range of thread forms.

INMETRO certification for Raxton

A double Brazilian breakthrough has been announced by Raxton, who have just achieved INMETRO certification, enabling trading there to begin, enhanced by the appointment of a local distributor.
